

SPA MENU

A photograph of a Zen garden featuring two smooth, dark grey stones resting on a bed of light-colored sand. The sand is meticulously raked into concentric, wavy lines that radiate from the stones, creating a sense of calm and order. The lighting is soft and even, highlighting the textures of the sand and the smooth surfaces of the stones.

EMBARK ON A JOURNEY
TO WELLNESS.

At Dolce Vita, we help others create balance so you can live your best life. We believe the spa isn't meant to be a once-per-year luxury but can serve as a powerful tool for living with more vitality and confidence.

We believe that self-care is essential to living a life in balance, and we have crafted this menu to help you enjoy the lasting benefits that come from consistent care.

Each moment is yours. We're here to help you live a better life with a balanced mind, body, and spirit.

THIS IS ABOUT YOU

EXPLORE

Self-care beyond pampering. Globally-influenced body therapies indulge your senses. Gourmet flavors indulge your palate. Unwind with a glass of wine or a signature cocktail after a day of deep introspection. The best gift you can give the world is a healthy, happy you.

BE IN THE NOW

ENGAGE

We care about how you engage with the present moment. Show up to it, observe it, and stay present in it. Renew your view and focus on here and now.

MAKE LIFE BETTER

BALANCE

Improve how you balance the many layers of your life. Invest in yourself. Learn how you can make life better with a balanced mind, body, and spirit.

FIND YOUR BEST SELF

AWAKEN

Challenge the story you've been told about your limits. Challenge your perception of ability. Your story to-date might not be the only one you tell. Craft your own narrative about how far you can go, how deep you can grow and how fully you can thrive.

MED SPA

FACIAL PROCEDURES

BOTOX® cosmetic

Fine lines and wrinkles can be disheartening. But, BOTOX® Cosmetic can effectively soften the facial muscles responsible for these signs of aging. Our BOTOX® treatments promote a more youthful appearance and can help your skin look refreshed and vibrant.

dermal fillers

Dermal fillers such as Juvederm® smooth lines and replenish lost volume underneath the skin. Our medical experts will assess your unique skin and bone structure to identify which collection of fillers can best help restore and enhance your natural contours. This treatment can restore volume in the cheeks and lips – all without invasive surgery or downtime.

DV youthful contour & lift

This specialized technique provides volume while offering the benefits of a facelift without surgery or downtime. Experience instant results with this minimally invasive facial contouring procedure. It accentuates the cheekbones and under eye area, as it defines the jawline and lifts the upper neck without incisions, general anesthesia or scars. Instantly smooth lines and wrinkles and have the definition you've always wanted.

PDO thread lift

Subtly lift facial features to reduce fine lines and wrinkles. This revolutionary treatment encourages collagen production for more lifted skin in the treated areas.

RF microneedling

This minimally invasive treatment reduces the appearance of wrinkles, scarring, and sagging skin. Amplify collagen-boosting and elastin production through state-of-the-art skin resurfacing techniques to rejuvenate and tighten your skin.

BODY + WELLNESS

CoolSculpting®

The world's No. 1 noninvasive fat reduction procedure. This state-of-the-art treatment uses controlled cooling to eliminate stubborn fat that resists diet and exercise. Focus on the areas that bother you most for visible, lasting results. This FDA-approved treatment requires no downtime and is a safe and effective alternative to surgery.

truSculpt iD

truSculpt iD delivers heat to the subcutaneous fat layer while maintaining an even skin temperature – optimizing clinical efficacy and maintaining comfort. truSculpt iD provides clinically proven results by treating the subcutaneous fat layer with an innovative RF technology resulting in non-invasive body sculpting and skin tightening with no downtime.

b12 vitamin boost

B12 promotes skin, hair, and nail health; it helps regulate mood, lowers cholesterol, boosts immune system functioning, encourages brain health, and improves overall wellbeing.

IV therapy

IV therapy promotes health and wellness. The infusion of fluids, vitamins, and minerals can help support a healthy immune system, promote healthy skin and keep you hydrated. The right balance of vitamins and minerals in the body can also help improve your energy levels.

COSMETIC LASER TREATMENTS

acne laser treatment

This advanced approach precisely aims at the cause of acne as it reduces inflammation, swelling, redness, and pigmentation. Achieve the glowing, confidence-building complexion you deserve with transformative results.

laser facial rejuvenation

Specifically designed to target signs of aging, this powerful technology instantly stimulates collagen production as it diminishes wrinkles, tightens skin, removes sun-spots and age spots, and smooths the overall texture of your skin. See complete rejuvenation and more youthful, glowing skin.

laser hair removal

Expertly wielded by our technicians, our laser hair removal offers a noninvasive way to reduce or remove unwanted body hair with long-lasting results.

KeraLase hair restoration

Our therapeutic approach to hair restoration combines two effective therapies into one treatment for incredible results, minimally invasive lasers and activating keratin serums that optimize your scalp's absorption properties and stimulate the hair follicles into action. This revolutionary technique offers real results without the commitment of going through extensive surgery. Series of 6 treatments, includes home care growth products.

hyperhidrosis (excessive sweating)

Feel less self-conscious, and increase confidence with our effective treatment for hyperhidrosis. This revolutionary process includes non-surgical treatment modalities to help in the reduction of excess perspiration and sweating in areas of underarm, hands, or other body areas.
